

# UP Stair Lift

The new way to stay safe on your stairs.

## Revolutionary Design

Today's products need to be future proof. The new sleek and stylish AmeriGlide UP Stair Lift has been designed with top of the line innovative features that provide you with the **utmost safety and comfort** when going up and down your stairs.

The UP stair lift's unique rail system consists of only 2 parts. These parts are *fully reusable* and can be converted to any shape — ensuring that no matter what type of staircase you have, we've got you covered!

Between the standard safety features, different color options, and easy-to-use controls, there is no better solution to regain your independence and access all levels of your home than with the AmeriGlide UP Stair Lift!
